## iPhone SE (2020) 128GB

iPhone SE (2020) 128GB is a compact smartphone with a 4.7-inch display. It features a single camera lens, a Taptic Engine, and a design inspired by the original iPhone. The device is available in Space Gray, Product Red, and Midnight Green. The 128GB model is a popular choice for those who want a smaller phone with a larger storage capacity. The phone is powered by the A13 Bionic chip, which provides excellent performance and battery life. The camera system includes a 12MP main camera and a 5MP ultra-wide camera. The phone also features a 3.5mm headphone jack and a Lightning port for charging and data transfer. The iPhone SE (2020) 128GB is a great option for anyone looking for a compact and powerful smartphone.

iPhone 8 Plus is a large smartphone with a 5.8-inch display. It features a dual-camera system, a Taptic Engine, and a design inspired by the iPhone 7. The device is available in Space Gray, Silver, and Gold. The 128GB model is a popular choice for those who want a larger phone with a larger storage capacity. The phone is powered by the A120X Bionic chip, which provides excellent performance and battery life. The camera system includes a 12MP main camera and a 7MP telephoto camera. The phone also features a 3.5mm headphone jack and a Lightning port for charging and data transfer. The iPhone 8 Plus is a great option for anyone looking for a large and powerful smartphone.
